+ + + + +

Is the radiation from Fukushima affecting us? Is it safe to eat fish caught in the Pacific?
What can we do to protect ourselves? What’s going to stop the crisis, and what can WE do here?

TOWN HALL DISCUSSION WITH EXPERTS, OFFICIALS, THE COMMUNITY

“We are now within two months of what may be humankind’s most dangerous moment since the Cuban Missile Crisis. There is no excuse for not acting. All the resources our species can muster must be focused on the fuel pool at Fukushima Unit 4.... The situation demands a coordinated worldwide effort of the best scientists and engineers our species can muster.” *Time for a Global Takeover: The Crisis at Fukushima 4*, Harvey Wasserman

Speakers: Harvey Wasserman (Skype); *invited nuclear engineer* **Arnie Gunderson** (Skype); **Dr. Carol Wolman**, Stop Fukushima Radiation; **Mary Beth Brangan**, Ecological Options Network, Fukushima Fallout Awareness Network; **Steve Zeltzer & Chizu Hamada**, No Nukes Action Committee; **Professor Masaki Shimoji**, anti-nuclear activist, Osaka Japan; **John Bertucci**, Fukushima Response Network; **Brad Newsham**, organizer Oct. 19 “Fukushima is Here” beach mural; **Cynthia Papermaster**, Codepink; **Vic Sadot**, BFUU Social Justice Committee Chair. **Invited:** **Berkeley City Council and Mayor, Senators Boxer and Feinstein, Representative Barbara Lee, State Senator Loni Hancock, Assemblymember Nancy Skinner.**
