

Important West Marin Educational Meeting on Proposed Point Reyes Cell Tower

(((70 Foot 4G Cell Tower Under One Mile North of Point Reyes Neighborhoods)))

→ Sunday, December 8th 3:00PM-5:30PM — FREE EVENT

Point Reyes Presbyterian Church,
11445 HWY 1, Point Reyes Station

- How does a 4G cell tower create the backbone for 5G?
- What are the biological effects of non-ionizing radiation?
- How do the FDA and FCC regulate cell towers and what studies have been done for public safety?
- Why don't insurance companies cover liability for cell towers/cell antennas on private property?
